Toronto.
Nov 7. 1917.

Dear President Falconer,

I have not put it on the formal memo. — being a matter of detail, but I would like to attach the following to the announcement of the Prize in the Calendar. — This prize is intended to perpetuate the memory of a true helpmate whose unselfishness enabled the

donor the better to discharge
his duty to his Alma Mater.
I trust this will not be
misunderstood or
regarded as inappropriate.

Yours faithfully.

Richard H. Reeve

November 9th, 1917

My dear Dr. Reeve:

The Board yesterday afternoon accepted with much gratitude your offer to establish a prize in the Department of Household Science in memory of Mrs. Reeve. I read both your letters to them, and they greatly appreciate the manner in which you have commemorated a lady, who not only was your own helpmate for so many years but was beloved by a very large circle of friends.

I will see that in the announcement of the prize your request is complied with.

With kind regards, I am,

Yours sincerely,

President.

Dr. R. A. Reeve,

4- Floor Street East.
